

[Fun With War Crimes, Ep. 3](#) ★★★★★

Why wait for the future Congressional investigations into Bush's administration to get rolling? We can put him on trial right now, with *Fun with War Crimes*. In this episode, W. blames a little girl for the problems in Iraq, and we got a load of laughs from Karl Rove killing Freedom (the cat, that is). Take out your anger while getting a good chuckle with the latest episode, "A Throbbing Surge." (by [Austin Keenan](#))
